

Blue Mountain Containers

I highly recommend Kyle and Apex Equipment Sales. I bought a truck from him with even being able to see the truck in person. He walked me through the process in a very straight forward manner. Though initially skeptical, he resolved all my concerns and delivered on all promises.

When the truck arrived, I was further impressed with the quality they put into getting the truck into top working condition. He seems to present the ideal "Under Promise and Over Deliver" mentality. As I said, I highly recommend Kyle and this company.
